GeoJournal

An International Journal on Human Geography and Environmental Sciences

Volume contents 53 no. 1–4 2001

Volume 53 no. 1 2000

Special section on:

Spatial planning and policy issues in Korea

Guest editor's introduction
Kim, W.B., Lee, J.S. 3–4

National territorial planning at the turn of the 21st century
Yong-Woong Kim 5–15

Spatial policies towards the Seoul Capital Region
Kyung-Hwan Kim 17–28

Regional innovation strategies in the knowledge-based economy
Sam Ock Park 29–38

Developing a community-based approach to urban redevelopment
Seong-Kyu Ha 39–45

Planning issues in the territorial integration of the Korean peninsula
Won Bae Kim 47–56

End of Special Section

Scaling ethnic segregation: causal processes and contingent outcomes in Chinese residential patterns
David H. Kaplan, Steven R. Holloway 59–70

Haute cuisine versus healthy nutrition: cultural gradients in Europe and the geography of baby food
Olga Gritsai 71–80

Keeping the high-tech region open and dynamic: the organizational networks of Taiwan's integrated circuit industry
Sue-Ching Jou, Dung-Sheng Chen 81–87

Malaria and related environmental issues in India: a case study of Aligarh city
Abha Lakshmi Singh, Atiqur Rahman 89–99

Book reviews 101–103

Volume 53 no. 2 2001

Special section on:

Urban Health

Guest Editorial: Revealing the spaces of urban health
James R. Dunn, Mark W. Rosenberg 107

Exploring the links between health and housing: The limitations of population health surveys
Mark W. Rosenberg, Kathleen Wilson 109–116

Income segregation, income inequality and mortality in North American metropolitan areas
Nancy A. Ross, Karla Nobrega, James Dunn 117–124

In poor health: Supermarket redlining and urban nutrition
Elizabeth Eisenhauer 125–133

Health profiles of Hamilton: Spatial characterisation of neighbourhoods for health investigations
Isaac Luginaah, Michael Jerret, Susan Elliott, John Eyles, Kate Parizeau, Stephen Birch, Tom Abernathy, Gerry Veenstra, Brian Hutchinson, Chris Giovis 135–147

Detecting and analyzing clusters of low-birth weight incidence using exploratory spatial data analysis
Steven Reader 149–159

End of Special Section

Olive oil, the Mediterranean and the world
David Grigg 163–172

Decline and re-emergence of nomadism: Tibetan pastoralists revive a nomadic way of life and production
A. Manderscheid 173–182

Urban renewal in East African port cities: Mombasa's Old Town waterfront
Brian Hoyle 183–197

Book reviews 199–210

Volume 53 no. 3 2001

Special issue on: Changing Territorial Concepts in Israel
Edited by: IZHAK SCHNELL

Editorial
Max Barlow 211

Introduction: Changing territorial concepts in Israel
Izhak Schnell 213–217

Section one: Changing concepts of territoriality

Transformation in territorial concepts: from nation building to concessions
Izhak Schnell 221–234

From national to post-national territorial identities in Israel-Palestine
David Newman 235–246

Religious factors in territorial disputes: An intra-Jewish view
Yosseph Shilhav 247–259

Section two: Ideology in practice

Power and changes in the balance between ideology and pragmatism in the right wing Likud Party
S. Ben-Rafael Galanti, W.E. Aaronson, I. Schnell 263–272

Water scarcity problems in Israel
Amnon Kartin 273–282

Centralized power and divided space: 'Fractured regions' in the Israeli 'ethnocracy'
Oren Yiftachel 283–293

Section three: Nationally sacred places

Jerusalem – Figment of the imagination
Leon Sheleff 297–309

Territories and identities in Jerusalem
Shlomo Hasson 311–322

Jewish settlement of Hebron: The place and the other
Michael Feige 323–333

Erratum 335

Volume 53 no. 4 2001

Special issue on: Statistical and Computational Applications of Geographical Systems Models

Edited by: BARRY BOOTS, ATSUYUKI OKABE and RICHARD THOMAS

Editorial
Barry Boots, Atsuyuki Okabe, Richard Thomas 337

Using local statistics for boundary characterization
Barry Boots 339–345

Local spatial interaction modelling based on the geographically weighted regression approach
Tomoki Nakaya 347–358

Understanding activity scheduling behaviour: Theory and numerical illustration
Chang-Hyeon Joh, Theo A. Arentze, Harry J.P. Timmermans 359–371

Epidemic modelling of HIV/AIDS transfers between Eastern and Western Europe
Phillip Smith, Richard Thomas 373–383

Analysis of the effect of land use patterns on the anthropogetic energy dischaged from air conditioning and hot water supply using a modified CSU mesoscale model
Teruhisa Watanabe, Atsuyuki Okabe, Takeki Izumi, Yukio Sadahiro 385–390

Balancing consensus and conflict with a GIS-based multi-participant multi-criteria decision support tool
Robert D. Feck, G. Brent Hall 391–406

On modelling internet transactions as a time-dependent random walk: An application of the retail aggregate space-time trip (RASTT) model
Robert G.V. Baker 407–418

Geographical conceptualization of cyberplaces
Masanao Takeyama 419–426

Volume contents 427–430
